May 1, 2007

As a business person what I want from the people I do business with more than anything else is integrity. I believe integrity starts by simply doing what you say you are going to do. Jason and everyone I dealt with at Kaiser Construction came through with integrity as well as the knowledge, skill and experience to get the job done

I put them under considerable pressure to complete the entire project; that is demolition, new walls, cabinets, flooring, ceiling, wall coverings and set up of dental equipment all in two weeks. They came through on time and within budget.

Jason, Shawn and his team did a great job and I highly recommend them to anyone considering a construction project.

Sincerely,

Lawrence F. Emmott, DDS
