

To Whom It May Concern:

We are writing this letter of recommendation on behalf of Jason Kaiser. We have known Jason since beginning of the build out on our Orthodontic office, which was September 2005. In our opinion he is very qualified in construction. At the time our office was being built Jason was working for BuildCor, and as far as we were concerned he was BuildCor.

Jason was always there for us when we had a question any time of the day, any day of the week. He is very likeable and he is a great leader. Jason is also a strong team player, if there was something that needed to be done Jason would stay late to get it done. Every time we were at the office, we noticed that he got along with all of the subcontractors and you could tell that they liked and respected him and his opinion. Jason was the first to point out any problems or errors, so that we would have the opportunity to either pass-off or reject a job. He is very detail oriented

Jason made the entire experience a positive one, and we will recommend him to everyone we know. Jason has the perfect personality for what he does. We are actually trying to talk him into building us a home. We have no doubt that Jason will be successful with his new business, and we appreciate all that he has done for us and wish him the best of luck in his new endeavors.

Sincerely,

  
Spencer Bailey
