December 4, 2007

Jason,

I want to take a moment to thank you for the exceptional construction services that you have provided for us over the past several years. Your expertise, persistence, and attention to detail have resulted in first class spaces that have enhanced our business. The office environments that you have helped create are perfect settings for the high quality of service that we are determined to provide. We especially appreciate your availability and willingness to see the projects through to the very end and to our satisfaction.

Keep up your excellent work and we look forward to continuing our relationship for many years to come.

Sincerely,

Robert & Regina Guyette
