Dear Jason,

A special thanks to you, Dan and Ray for the fantastic job building out my dental suite.

It's hard to believe the transformation that has occurred over the last four months.

You took a mediocre dental suite and created a state-of-the-art practice that anyone would be proud to call their own.

Your dedicated efforts have created a warm and welcoming environment for my patients and a beautiful work place for my staff.

I hope you bring some of your future clients through the office. They will be impressed from the minute they walk through the door.

When they see the before pictures and take in the after, they will know they have chosen an excellent team to manage their project.

I want to especially thank Dan for taking all my calls and his attention to detail. He made the entire process stress free and a lot of fun.

I feel everyone gave their best efforts and my project came in under budget. Who could ask for more?

Again, thanks for all your help and expertise.

Sincerely,

Michael L. Bleeker, D.M.D., F. A. C. P.
